

Monday 7th November, 2022

Dear Families,

Strathmore Primary School is looking forward to another great year of teaching and learning and would like to advise you of the school's voluntary financial contributions for 2023.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, parent contributions continue to provide an important and critical source of funding which enables us to supply resources necessary to maximise successful delivery of our learning programs. The ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support through paying the contributions over the years as this has made a huge difference to our school on a day to day basis with quality materials as well as enhancing the level of programs we can offer, in specialist subject areas and Inquiry and STEM learning with special items.

Within our school, financial contributions from families have allowed us to purchase quality consumable materials for teaching and learning in the classroom, including stationery and art supplies. Additionally, the financial contributions from families in recent years has also enabled the school to purchase special items for Music, such as additional instruments, new furniture for the Art room, and high-tech robotics kits including Lego Mindstorms, Sphero Bolts and Intelino Smart Trains for use across the school in STEM and Inquiry.

The following pages outline the estimated spend per student for 2023. For 2023, the school is requesting \$400 from families in the category of "**Curriculum Contributions**". The items that the school intends on spending these voluntary financial contributions on remain the same as in 2022. Contributions of this amount from families will support the continued provision of resources and programs across the school.

For further information on the Department's Parent Payments Policy please see a one-page overview attached. Information in relation to financial support for families experiencing hardship can be found

Yours sincerely,

Peter Olm

Principal – Strathmore Primary School

School Council President
